TWO DEVICES · ONE D-PAD

Call. Command. Control.

Classroom-ready P2P video + D-pad. No server. No account.

P2P video

Two browsers, one room code, live video and audio. Chrome / Edge.

D-pad control

Send UP / DOWN / LEFT / RIGHT / STOP across the room or across the world.

micro:bit bridge

Optional — forward D-pad commands to a BBC micro:bit V2 over BLE UART.

Chrome / Edge · HTTPS required · No account
Peer-to-peer · Optional micro:bit V2
